

QVGA DISPLAY ASSEMBLY

NAT-NACT
 (Network Analyzer Terminal -
 Network Analyzer Controlling Terminal)
 Rev A (12/28/2014)
 N2APB - AD7JT

"NAC" capabilities for RF IN and RF OUT are present in Version 3 firmware.

Scrape away green soldermask from small hole on trace connecting R3 + R5 and on the adjacent ground plane. Then solder short wire to properly ground 3 dB pad.
